

The screenshot shows a Windows 95 desktop environment. A file explorer window is open, displaying a search results table. The table has columns for Document ID, Issue Date, Pages, Title, Current OR, Current XRef, Retrieval C, Inventor, and a grid of checkboxes. The first three rows of data are visible, showing patent information related to systems, methods, and computer program products.

Below the table, there is a search criteria window. It contains a search bar with the text "derivatives market" and (strike). The window also has a search button and a list of search results.
